1. A dumbo set is located on the high ground to the east of the airfield build-
ings at Wittstock airfield (N54/U11). The mast is mounted on a concrete base
and the aorials have been seen moving during flights by PO-2s from the air-
field. A cable runs from the mast to a neighboring wooden hut.
2. On 11 August 1950, the mast was dismantled and the parts taken into an empty
hangar, where a guard was installed. A stump approximately one meter high
was left projecting from the concrete base.
